terests of the country at Cincinnati
has been fixed for June 29 and 30.

residents of New York last night cele-
brated the victory of Admiral Togo
with a reception at the Nippon Club.
Felix Feltner was found guilty of
contempt of court at Winchester yester-
day and the jury fixed his punish-
ment at two years' imprisonment
and hard labor in the county jail and
assessed a fine of \$5,000. Feltner was

It became definitely known in New
York yesterday that the report of the
Frick committee makes sweeping
criticisms of the conduct of affairs of
the Equitable Life Insurance Com-
pany and charges laxity and negli-
gence of management.

It was announced at the White
House yesterday that the President
would start on his Southern trip on
October 17, and that the extraordi-
nary session of Congress which he
proposes calling will not begin until
after the elections in November.

The visit of Justice John Marshall
Harlan, of the United States Su-
preme Court, to Louisville, on his
seventy-second birthday anniversary,
was made the occasion last night of
banquet given by Louisville attorneys
at the Galt House. He responded to a
toast, "My Old Kentucky Home," in
such a feeling and loyal speech that
the banqueters rose to their feet and
cheered him loud and long.

The Lewis and Clark exposition at
Portland, Ore., was opened yester-
day. President Roosevelt pressing the
key which started the chimes in the
Government building. Ceremonies
were held at the same time in Port-
land. The President delivered a short
address in the East room to a num-
ber of distinguished guests, and con-
gratulatory messages were exchanged
between him and President Goode,
of the exposition.

Official reports have been received
at St. Petersburg to the effect
that the missing cruiser Ismail was
blown up by her commander at Vlad-
imir Bay to keep her from falling in-
to the hands of the Japanese. The
torpedo boat Bravi, which reached
Vladivostok in bad condition, was
short of fuel and her officers burned
all the wood work of the vessel for
fuel in order to escape from the en-
emy. Reports received at Tokyo say
that Admiral Voikovsk was killed
while in the command tower of his
ship, the Oshibara, on the first day
of the battle. Rough estimates of
the Russian losses, exclusive of near-
ly 4,000 prisoners, vary from 7,000 to
9,000. Many bodies are being washed
ashore near the scene of the fight.
Unfounded rumors of the death of
the czar were in circulation yester-
day in St. Petersburg.

June 3.
A serious fight is reported to have
occurred between Serbians and
Bulgarians near Kishinev, Mace-
donia. Twenty Bulgarians and twelve
Serbians were killed.

Miss Alice Roosevelt arrived in Cin-
cinnati yesterday morning and will
be a guest at the Longworths' dur-
ing her stay. She will visit the La-
lala race course today and see the
city run.

The Commonwealth's Attorney, John
Allen, of Fayette county, will make
effort to have James and Alex. R.
indicted for purjury on the in-
famous given by them concerning
a note to the Winchester bank for
\$100,000.

The Government report on cotton
and the reduction in acreage at
the end of the crop condition at 77.2
was a decided slump in the
market in New Orleans yesterday
as the Government figures had
been given out.

It is said that friends of Charles
Davis, the Indiana man, who was
at Nagasaki, was the first
of definite news of the naval
victory in the Korean Straits, has been
sent from Washington that the
navy will promote him.

Sasebo correspondent of a
paper says that Admiral Togo
discharged his plan of operations,
and the correspondent says,
"after three months off the Tushu-
lands for the coming of the
squadron. Rojstevsky sent
serious scouting ships, but fail-
ed to locate the Japanese squadron."

At Roosevelt has spoken a
peace in the Far East. In
confering with Count Cassini, the
Ambassador, at the White
House yesterday, the President
expressed the opinion that
peace was hopeless and that
prolongation of the war
would increase the demands of
the Emperor has given it

June 4.
A writ of habeas corpus has been
applied for in the case of two of-
ficials of the Pere Marquette railroad,
who have been arrested at St. Louis,
Mo., and are about to be deported
to the United States. A decision
will be rendered Monday.

It has been decided to maintain a
warship at Santo Domingo City for
the use of Col. Colon, who is in
charge of the collection of Dominican
revenues. One vessel of Admiral
Sigbee's command will remain there
until a permanent detail is made.

Civil Service Commissioner Greene
will return to Kentucky the last of
this month, and it is understood that
he will make a thorough investiga-
tion of every Federal office in the
State presided over by a presiden-
tial appointee. It is alleged that the
officeholders are mixing too much in
politics. Some think the investiga-
tion is a move forward rejecting sev-
eral officeholders for reappointment.

Rear Admiral Enquist, of the Rus-
sian navy, arrived at Manila yester-
day on board his flagship, the pro-
tected cruiser Aurora, and accompa-
nied by the cruisers Oleg and Jem-
chich. All the vessels were damaged
and many wounded were on board.
President Roosevelt and Secretary
Moody and Morton held a confer-
ence in Washington upon being ad-
vised of the arrival of the Russian
vessels at Manila and orders were
cabled to Admiral Train, who is now
guarding the cruisers.

The latest developments in the
controversies connected with the man-
agement of the Equitable Life is the
formation of an offensive and de-
fensive alliance between James H.
Lytle and President Alexander.
The basis of the accord between them
is said to be an agreement to devote
their future efforts solely to the
furtherance of the interests of the
society, and to eschew Wall-street
transactions. They are said to have
agreed that Robert T. Lincoln is the
most available man for chairman of
the Board of Directors.

Kogoro Takahira, the Japanese Min-
ister, called at the White House last
night shortly after 9 o'clock, for a
conference with the President. At
the conclusion of the conference Mr.
Takahira would say nothing
except to intimate that the general
situation was discussed. The Min-
ister did not seem to be greatly con-
cerned about the presence of Rus-
sian warships at Manila. Count Cas-
sini, the Russian Ambassador, has had
no advice for his Government rela-
tive to President Roosevelt's expres-
sion in behalf of peace.

June 5.
The Engineers' Association at St.
Petersburg, has voted pensions to
the wife and mother of Ivan Kalleff
who assassinated Grand Duke Sergius.

Two men are dead, two mortally
wounded and several injured as
the result of a shooting affair which
occurred yesterday a few miles east
of Lee City, Ky.

King Alfonso left Paris last night
for London. The railroad from Paris
to Cherbourg, where the King will
embark England, was guarded from
end to end by armed troops.

At the conclusion of a dinner given
in her honor by the German Em-
peror and Empress, the Duchess Ce-
cella called for two glasses of wine
and handed them to the two pages
who bore her train.

The czar issued a ukase yesterday
conferring increased powers in Gov.
Gen. Trepoft, making him Assistant
Minister of the Interior and Chief
of the Department of Police. Gov.
Trepoft is given power to close all
assemblies and congresses, to suspend
societies and other bodies manifest-
ing "pernicious activity" and to pro-
serve order so as to prevent interfe-
rence with the established regime and
to suppress the revolutionary propa-
ganda.

Baron Speck von Sternberg, the
German Ambassador, had a two hours
conference with President Roosevelt
last night. He declined to discuss
the subject of the meeting, but said
that so far as he knew no progress
had been made toward peace between
Russia and Japan in the past two-
ty-four hours. No word from the
czar was received at Washington yester-
day. A cablegram from St. Peters-
burg says that President Roosevelt's
tender of his good offices to bring
about peace has been received with
general favor by the press and pub-
lic.

The Russian warships which sought
refuge at Manila are in an unso-
worthy condition and it will take
some time to make repairs. Gov.
Wright has informed Admiral Enquist
that he will be given the regular
time. Vice Admiral Togo called on
Vice Admiral Rojstevsky at Sasebo
yesterday and expressed his sympathy.
He also praised the courage of the
Russians, and the wounded Admiral
congratulated Japan on the victory.
One of Rojstevsky's legs may have to
be amputated. A Japanese attack
on Vladivostok is expected soon and
noncombatants have been ordered to
leave. Gen. Linovitch's main force
is believed to be at Kungchulan.

Time by the Forelock.

(Oration delivered by Rev. Roscoe
Murray, of Patrick, Lawrence county,
at the commencement exercises of
"Palatka Normal School.")

Ladies and Gentlemen:

Time by the forelock taken prevents
many a sad disappointment. A fail-
ure to use proper energy on our part
is only laying the foundation stones
of everlasting ruin. When we hear
persons complaining continually of
disappointment after disappointment,
we can pretty safe arrive at the con-
clusion that the swift messenger of
time has not been taken by the fore-
lock. Ninety-nine per cent of the
failure is business, or society, com-
from our wanted negligence.

Fortune (we are told) knocks but
once at each man's door. Supposing
the adage to be true we would surely
consider it highly important that
we seize the opportunity when pre-
sented. This true that fortune comes
our way but once and that, after
years of hard labor and study, not
sleeping, but by using the cerebrum.
There are things in the world we
must think out; we can't sleep them
out. Success is ours if sought for.
The great God who lives and reigns
omnipotent in his infinite wisdom,
saw fit to create all men equal.
Thus with equal rights to all and
special privileges to none we are
here inhabiting the globe created
by the Deity for the habitation of
men. The time afforded us in this
life is amply sufficient for the ac-
complishment of wonderful success,
if we, in an ambitious manner, seize
time by the forelock. No man is
heard complaining so much for the
lack of time as the one who is most
frequently seen around a dry goods
or grocery store in about the same
mood of Whitcomb Riley's "Knees
deep in June"; and remodeling the
boxes, chairs, door posts, or such other
articles as chance to be within
the vicious grations of the well worn
blade of that old rusty barrow, that
doubtless has waded through the
spine of many a frog during the sea-
son. Then gets up and lazily stalks
away, while the patient clerk pleas-
ed at being rid of his presence clears
away the pile of shavings left.

There is however another charac-
ter that might be considered; we
chance very often to see him prome-
nading the streets with a little strip-
per cane under his arm, a claw-ham-
per coat encircling his chest, a high
standing up, two and a half cent
paper collar, which forms a cover-
ing for the isthmus connecting his shoul-
ders to the large ball, minus brains
above, commonly called the head.
Crowded with a derby hat, he has
however the graceful air of "Moth-
er Right's" only son when he start-
ed out in the world (smoking for
the very life of him) on a special
mission to call on pretty "Polly
Jookin'." When he is seen as he
really is the little children of the
street are made to cry with aston-
ishment, and even the faithful curs
with lowered tail and nose near the
ground sneak off in a mood of bash-
fulness afraid of being seen in the
wrong kind of company. He goes in
a continual hurry, hustle and bustle
in words more than deeds. He would
have you believe he is a multi-mil-
lionaire. He builds great air castles.
He is seen on the corner twisting his
lean little cane about his fingers,
while his neighbor is in the school-
room bent over some complex
problem in mathematics, or some
other lesson of equal importance, tak-
ing time by the forelock. Jimmie
goes along smoking his cigarettes
and standing on the corner as time
elides swiftly by, until at last, he
in rags, shame and disgrace, with
an emaciated countenance and
dwarfed intellect, is found wondering
at the success of the other fellow.

We again see one of his comrades
in a gawky manner enter a large
business establishment, to answer an
advertisement for an office helper,
alongside the boy who has taken
advantage of his opportunities, who
in a very polite manner steps briskly
over to the seat that he has been
motioned to, and resumes it in a
business like way; while Jimmie's
Dear Comrade saunters around with
his number eleven, and turns over
a few chairs. Then attempts to
apologize by saying that he did not
see; sits down with an old fash-
ioned rug, such as would have made
father Noe sick; makes some remark
about the weather; procures from
his pocket one those dear little cig-
arettes, assumes a posture in his
chair more in the way of humping
than sitting, then roars back and
using the corner of the manager's
favorite Mahogany desk as a place
whereon to hang his dear little No.
eleven settles down for a quiet and
peaceful smoke.

He then explains to the manager
that he saw his ad. for a helper,
and has come to make application
for the position. The manager of
course tells him he did need a man
but just at the present hasn't time
to consider the application. There-
upon the dear little creature is dis-
missed and goes away wondering why
he did not see the job, and in a few
days is made to wonder more at the
success of the other fellow.

The only reason is plainly seen;
the other fellow had taken time by
the forelock and made preparations
to face the business world while Jim-
mie and his companions had been
smoking their cigarettes.
Wonder if Jimmie is absolutely
blame, or if the shining angels
around the throne on high won't look
down with a frown upon his irresol-
ution. I shall not wonder if he who do
eth all things well, shall in the

great day of his wrath say to those
slolful instructors, "Stand here on
my left, until you are assigned your
place among the damned." But
probably will say to Jimmie: "By
the skin of your teeth you can stand
on my right." He you see has been
neglected. He failed to have cor-
rect training in his youth, he failed
to have the right foundation laid,
and hence the building is a wreck,
but he is not absolutely responsible.

"Yet we hear, "There be blind lead-
ers of the blind and they all enter
the ditch together."
Take time by the forelock in train-
ing the boy, or else the devil will
do the training for you. "Tis his de-
light to flood the young mind with
thoughts of the blackest hue. Many
inducements, by him, are held out
on every hand to entice the boys
and girls of today along his sinful
highway. Hence, it is necessary that
you bring the boy along the road
he should travel, and when he is old
he will not depart. Teach him the
way of righteousness. Teach him
there is a heaven to gain, and a hell
to shun.

We as teachers of this, and ad-
juncts, sometimes, when we separate
from this Normal and go to our re-
spective districts, with many pleas-
ant memories of each other, should
endeavor to our utmost to lay a solid
foundation for the dear young
minds, to build upon. In order to
make an absolute success in teaching,
it is highly important that we teach
by example.

The teacher who instructs his pupils
to not smoke cigarettes, and he him-
self is found continually following one
will never accomplish much in end-
ing the foolish habit from his
pupils. We should instill in their lit-
tle minds a higher idea of life than
has been entertained.
In order to advance along the lines
of civilization, we must create a de-
sire for advancement, a desire to
know and be something in the world
and in order that we attain these
ends 'tis highly necessary that we
begin when the minds are young.
The mind is so constructed that each
day during childhood, youth or man-
hood it is gathering thoughts for
the right of that will, to the satis-
faction of the Devil's fondest antici-
pation, lead the little devils down
to everlasting ruin.

Did you think, teacher, that the seed
sown with you would mean the fu-
ture destiny of the child. Since in-
fancy are so easily made in youth,
and childhood and when once made
are never eradicated, hence 'tis nec-
essary that we get the pupil started
right. When we see a boy enter
church with a small quid of tobacco
about the size of a hen-egg located
in the cavity between the inferior
and superior maxillary; and amuses
himself by emptying the fluid contents
thereof upon the stove for evapora-
tion which serves as a perfume for
the air within the room, we arrive
at the conclusion that the boy has
not had the proper early training.
Take time by the forelock in train-
ing the boy and this prevent crime,
and in lieu thereof give to the
nation a being of whom it can justly
be proud. Give to the nation a man
whose fame like Washington, Adams,
Jefferson, Franklin, Clay, Webster
and Lincoln, will forever fill a page
in the great history of time, and a
deep burning love in the hearts of
his countrymen. Longfellow, Emerson,
Whittier, and Shakespeare have fill-
ed their mission, and gone to the
immortal land, and left a great field
of literature to other hands. The
boy that takes time by the forelock
is the boy who will occupy the po-
sitions vacated by the death of those
and will make for himself a name
that though centuries may come and
nations may rise and fall will never
be eradicated from history of time,
but through generations after gen-
erations will be appreciated, loved
honored and respected.

Judge J. D. Ross.

(The following article is re-publish-
ed by request. The subject of the
sketch was the grandfather of Mrs.
C. W. Diamond, of Louisa.)

Last Monday, Aug. 20th, 1894, the
grim master, death, entered our midst
and claimed for his victim, one of
Boyd Co.'s oldest and grandest men
J. D. Ross, aged eighty-six years,
three months and six days.

He was born in Rockbridge Co., Va.,
May 14, 1808; married Miss Susan
Lockwood, in 1837. After her death
he married Miss Martha Leslie, in
1858, who still survives him.

By the two marriages, he had sev-
enteen children, which he raised to
man and woman hood, ninety-three
grand-children; and thirty-three
great-grand children; making a total
of his own progeny, one hundred
and forty-three souls. In addition to
the seventeen children of his own, he
raised three orphan children.

While in the full vigor of manhood,
he was elected to the Legislature
from this district; after which he
served the people of this county, as
County Judge, two terms. We are re-
spectfully informed that he was Boyd
County's first Judge, and by his judi-
cious and wise administration of the
affairs of the county, he gave Boyd
county such a send off, that today
she ranks well up in the front, with
the best counties in the State.

In the early days of the county's
infancy, he by his integrity saved
Boyd county from being burdened
with "railroad tax" similar to what
our sister county, Carter, is groaning
under today. When offered a large
bribe, by the R. R. officials, to con-
sent to Boyd county taking stock
in the railroad, and issuing bonds
for that purpose, he replied, "No gen-
tlemen, I am a poor man, but I will
not sell my people."

His public record will bear the close-
est scrutiny also his domestic life.
He was a just Judge, a judicious and
indulgent parent, and of his very
large family that he raised, fourteenth
are at the present time, living in
Boyd and adjoining counties, and are
all well-to-do-farmers, and recog-
nized among the best citizens of the
country. His eldest son, Capt. Jacob
Ross, of Company K, 45th Ky., died
during the war, from the effects of
exposure, incidental to soldiers life.

Two daughters died after attaining
womanhood.
He was laid to rest in the family
grave yard, on his farm, near this
place in the presence of over three
hundred relatives and friends.
It can be truly said of him, as it
was said of one in olden times, "A
mighty man of Israel is fallen," but
he has made his path to shine after
him.

ASTHMA SUFFERERS SHOULD KNOW THIS.

Foley's Honey and Tar has cured
many cases of asthma that were con-
sidered hopeless. Mrs. Adolph Bus-
ing, 701 West Third St., Davenport Ia.,
writes: "A severe cold contracted
twelve years ago was neglected until
it finally grew into asthma. The
best medical skill available could not
give me more than temporary relief.
Foley's Honey and Tar was recom-
mended and one fifty cent bottle en-
tirely cured me of asthma which had
been growing on me for twelve years,
and if I had taken it at the start I
would have been saved years of suf-
fering." Sold by Louisa Drug Co.

DYING OF FAMINE.

Is, in its torments, like dying of con-
sumption. The progress of consump-
tion, from the beginning to the very
end, is a long torture, both to vic-
tim and friends. "When I had con-
sumption in its first stage," writes
Wm. Myers, of Centross, Md., "after
trying different medicines and a good
doctor, in vain, I at last took Dr.
Kings New Discovery, which quickly
and perfectly cured me." Prompt
relief and sure cure for coughs, colds,
sore throats, bronchitis, etc. Positive-
ly prevents pneumonia. Guaranteed
and \$1.00 a bottle. Trial bottle free.

The editor of a Missouri paper re-
ceived this inquiry: "Can you tell
me what the weather will be next
month?" In reply he wrote: "It is
my belief that the weather next month
will be very much like your subscrip-
tion." The inquirer wondered for an
hour what the editor was driving at.
Then he happened to think of the
word "unsettled." He went the next
day and squared his account.

QUALITY VS. QUANTITY.

Hard muscles and strong body do
not depend on the quantity of food
you eat, but on its perfect digestion
and proper assimilation. When you
take Kodol Dyspepsia Cure your sys-
tem gets all the nourishment out of
all the food you eat. It digests what
you eat regardless of the condition
of the stomach and conveys the nu-
trient properties to the blood and tis-
sues. This builds up and strengthens
the entire system. Kodol cures Indi-
gestion, Dyspepsia, Belching, Sour
Stomach, Weak Heart, etc. Sold by

Mrs. Anna B. Fleharty, Galesburg, Ill.

Mrs. Anna B. Fleharty, recent su-
perintendent of the W. C. T. U. headquar-
ters, at Galesburg, Ill., was for ten years
one of the leading women there. Her
husband, when living, was first Presi-
dent of the Nebraska Wesleyan Uni-
versity, at Lincoln, Neb.

In a letter written from 401 Sixty-
seventh street, W., Chicago, Ill., Mrs.
Fleharty says the following in regard
to Peruna:
"Having lived a very active life as wife
and working partner of a busy minister,
my health failed me a few years ago. I
lost my husband about the same time,
and gradually I seemed to lose health
and spirit. My daughter is a confirmed
invalid, and we both felt great need of
an invigorator.

"One of my neighbors advised me to
try Peruna. A bottle was immedi-
ately secured and a great change took
place in my daughter's, as well as in
my own health. Our appetites im-
proved very greatly, the digestion
seemed much helped, and restful sleep
soon improved us, so that we seemed
like new women.

"I would not be without Peruna for
ten times its cost."—MRS. ANNA B.

According to a Washington story
Justice Harlan is said to have ex-
pressed a desire to resign from the
supreme bench and accept the Re-
publican nomination for Governor of
Kentucky, with the intention of round-
ing out his career as Governor of his
own State.

The last of the Kentucky regis-
tered bonds of the issue of 1885, with
accrued interest of \$250, were paid
by the State Auditor Hager this week.
There were ten bonds, of \$1,000 each.
This leaves the total State debt \$24,-
000 of coupon bonds. There is a \$100,-
000 balance in the Treasury.

William J. Bryan, a trustee for the
late Philip Sherman Bennett, of Con-
necticut, has sent Gov. Beckham a
check for \$400 for the Kentucky State
College, it being part of the \$10,000
left by Mr. Bennett to be given to
colleges and invested so as to pro-
vide an annual prize for the best es-
say on the principles of free govern-
ment.

Attorney Lawrence Maxwell, of
Cincinnati, has been retained by Ar-
thur Goebel, of Covington, to appear
with Attorney General Hays and At-
torney C. J. Bromston, of Lexington,
on behalf of the Commonwealth, be-
fore Federal Judge Cochran in the
matter of the attempted transfer of
the case of Caleb Powers from State
Courts to the United States District
Court. The motion of attorneys for
Powers, former Governor Yates, of
Illinois, and others, is to be argued
at some length before Judge Cochran
at Maysville today.

BUSSEYVILLE.

We attended the reunion at the
Hutchison cemetery on the 28th ult.
The exercises consisted in songs,
social chats, renewing of former ac-
quaintances, prayer and an oration
by Rev. I. B. Hutchison. A large
crowd was present, and about thirty
of the immediate relatives. The
evening fully spent, the crowd filed
away, and the whole ceremony was
left a beautiful carpet of flowers.
Just before the benediction was pro-
nounced Mrs. Carter, assisted by Mr.
Leon Hutchison, of Huntington, with
camera—ever ready—took a snap
shot at the crowd, the cemetery and
the carpet of flowers. All had a
nice afternoon, then repaired to their
homes.

The 4th and last Quarterly meeting
of the Elaine Circuit, of the 28th ult.

Saturday and Sunday, Rev. S. A.
Donahoe, P. E., in the chair; best

Circuit; largely attended, much busi-
ness done and preaching you don't
hear every day. Sacrament adminis-
tered at Sunday service to 55 per-
sons. We wish we had time to more
fully outline the service, but time and
space forbid. It was a service much
enjoyed and long to be remembered.
Rev. Grizzle filled his pulpit here
Sunday.

D. C. O'Neal, whose illness has
before been mentioned, is somewhat
improved, and is able to take horse-
back rides every now and then.

B. H. Dulaney has been forced to
call upon Dr. Banfield for relief, as
to his eyes. He returned home this
week somewhat improved, we are
glad to say.

Please Your Hair

Don't have a falling out with
your hair. It might leave you! Then
what? Better please it by
giving it a good hair-food—
Ayer's Hair Vigor. The hair
stops coming out, becomes
soft and smooth, and all the
deep, rich color of youth
comes back to gray hair.

"I was troubled greatly with dandruff until
I used Ayer's Hair Vigor. It completely cured
the dandruff and also stopped my hair from
falling out. It serves me very nicely also, in
keeping my hair in any color I wish."—

The following refers to Rev. Wm. Washington, who was in charge of the Louisa Episcopal Church in addition to the Ashland charge.

"Newport, Ky., June 6.—The Rev. William R. Washington, son of Col. Geo. Washington, of this city, has received a call to take charge of a wealthy congregation in New York city, which he will in all probability accept. The Rev. Mr. Washington, who is twenty-eight years of age, received his education in the New York schools and later attended Center College, at Danville, Ky. He then completed his studies for the ministry at Columbia University, New York. His first charge was at Ashland, Ky., where he erected a handsome church, and during his pastorate had it entirely paid for. He then went to St. John's Academy, Corbin, Ky., where for more than a year he has been unusually successful. His parents received word today of his call."

The Southern Bell Telephone Company has begun the construction of a line from this city to Williamson. The route will be by the way of Louisa, Ky., where an exchange will be put in. This will be a good line when completed, and will prove a great convenience to Huntington people—Huntington Dispatch.

The above item is incorrect as to putting in an exchange here, but it has been arranged to have a station here. This will give us long distance connection with the outside world, something we have badly needed for a long time.

The following from the Ashland Independent refers to a former Louisa boy, second son of the late George Strachan. Ben now holds a good position with the C. & O. at Memphis, Tenn., filling a responsible place in connection with the fast freight service.

"Deputy County Clerk Howard Mullins, lasted Benjamin Franklin Strachan, of Staunton, Va., and Mary D. Lallance, of Huntington, a marriage license this morning. They were married at Ashland today."

The City Council met Tuesday evening and elected N. B. McGuire to the office of Marshal, to succeed Al. Wellman, resigned. Mr. McGuire gave bond and entered at once upon his duties. It is believed that he will make a good officer.

Residents of the Burchett addition to Louisa on the south, along the railroad track, applied for a narrow concrete sidewalk. No action was taken.

There was no other business before the Council except some routine matters.

Mrs. C. C. Hill, Mrs. E. C. Jenks, Mrs. Chas. Crutcher, Mrs. Ira Wellman and Miss Mollie Bromley represented the Baptist Louisa Aid Society at a meeting of the Federation of the Societies of the Greenup Association held in Catlettsburg Thursday. Mrs. Jenks read an excellent paper, her subject being, "Christianity and Work."

Call on D. J. Burchett, Jr., & Co. for your seed potatoes, lime cement, patent plaster, hair, brick, high grade grass seeds, Michigan white seed oats and all kinds of feed, flour and meal in paper bags for retail trade. Also a full line of Pratt's foods. Call on us and be satisfied. Store opposite new depot.

Dr. F. D. Marcum has accepted the position of physician for a mining company at War Eagle, Mingo county, W. Va., and left for that place Sunday night. His family will remain here for the present. Dr. Marcum is a competent physician and his friends wish him success.

Doors and Sash.
The Snyder Hardware Company has just received a car load of doors and sash of various kinds and sizes and is offering them at the lowest prices ever named in Louisa. Builders are invited to look at the stock.

Prof. Martin Elderman, of this city, who is at the head of a school at Clifton, Ga., is quite ill. His father, H. P. Elderman, of 12th street has been summoned to his bedside.—Ashland Independent.

First Train To Pikeville.

The initial trips made by C. & O. trains on the Big Sandy Division under the schedule of date June 4th were made Monday, June 5th, when No. 27, Jack Johnson, Conductor, left Pikeville at 4:45 a. m., and No. 36, Billy Myers, Conductor, left Ashland at 6 a. m. Returning, No. 39 left Ashland at 12:30 p. m., and No. 38 left Ashland at 4:05 p. m. And no untoward occurrence marred the journey to and from the present Southern terminus of this important branch of the great C. & O.

From Prestonsburg to Pikeville large numbers of people, of all ages, sexes and conditions, watched the swift progress of the smoothly running trains, and much satisfaction was expressed at the propitious circumstances which marked the beginning of what will undoubtedly be a prosperous era for the upper Sandy.

The changes wrought by the building of a railroad up this beautiful valley are very great, and very marked to one who had not seen the country through which it runs for many years. Many places which are now marked by new and handsome houses, busy mills and business houses were, before the coming of the road, simply spots of earth, having, maybe, a cornfield, an orchard, or perchance, a cross-roads store. Every flag station, even along the line will one of these days be a thriving business place and the already prosperous people—good people they are, too—will continue to thrive and wax fat with plenty.

The following is taken from Wednesday's Catlettsburg Press:

At 11 o'clock yesterday morning Miss Ida McElraith and Dr. J. Woodard, of Newport, Tenn., were joined in the holy bonds of matrimony by Rev. S. D. Boggs, at the home of W. A. Patton, of Broadway. Promptly at 11 o'clock the bride and groom entered the parlor to sweet strains of Mendelssohn's wedding march, played by Miss Clara Belle Patton. Rev. Boggs conducted the ceremony, addressing some beautiful remarks to the happy couple before pronouncing them man and wife. The bride was bewitching in a handsome blue silk traveling gown with hat to match.

Immediately after the ceremony the guests were invited to the dining-room to partake of the excellent service for them. Covers were laid for 12, on the table clothed in snowy linen, the centerpiece composed of bride roses and ferns. The floral decorations throughout the home consisted of white lilies, bride-roses and ferns. Only the immediate family was present, with the exception of Mrs. M. E. Ford, who was the only invited guest.

Dr. and Mrs. Woodard, left on the 12:45 train for Cincinnati, where they will spend a week, going from there to Knoxville to visit relatives of Dr. Woodard's; then on to their future home in Newport, Tenn. The congratulations and good wishes of all attend them.

The following is from the New York Herald:

"Speaking yesterday at the monthly meeting of the Long Island Methodist Preachers' Association in Brooklyn, the Rev. Frederick F. Shannon, pastor of Grace Methodist Episcopal Church denounced costly society banquets and the lavish expenditure of money on dogs. He said in part:—

"Nero shod his mules with silver. Perhaps it was from him that New York women borrowed the idea of clothing their pet dogs in purple and fine linen. In this city are women who spend \$1,000 a year for clothes for poodle dogs. Those creatures wear ermine lined coats worth \$200 apiece, and in each dear little coat for each dear little dog there is a pocket for the poodle's lace handkerchief. They wear collars set with precious stones valued at hundreds of dollars."

"Mr. Moffett tells of one kind woman who had a Queen Anne cottage built for her dog. The rooms were papered and carpeted and the windows hung with lace curtains. We are told that a woman called every morning to bathe and curl and perfume the little darling and then take him out for a walk. What a pity the dog should be caught in such company!"

"New Yorkers have not only fattened their vanity upon high priced dogs, but, as already indicated, vanity is the toastmaster at their extravagant banquets. New York not long ago took a step in advance of ancient Rome, when steamed rhinoceros was served at a fashionable hotel."

"Let us not be too severe on heathen Rome. Remember that we have monkey dinners, jungle dinners and horseback dinners here. Surely the shades of Nero pale before the comparison!"

Dr. W. L. Gambill, son of Dr. J. J. Gambill, Sr., and nephew of the late Harry Gambill, has just opened up an office for the practice of his profession in Ashland. He is one of the most brilliant young doctors in the State. Dr. Gambill graduated in medicine four years ago from the Hospital College of Medicine, Louisville, Ky., taking first honor of the class for four consecutive years. His general average on examination was 99.12 per cent, the highest grade ever made by any graduate in the history of the college. After his graduation, Dr. Gambill served one year as resident physician and surgeon to Louisville City Hospital. This brilliant young doctor is sure to come to the front in the hustling city of Ashland.

Prof. J. R. Johnson, assistant dean in mathematics at the State College at Lexington, has received a call to the chair of mathematics at the University of Nevada and has resigned his position to accept the offer. Prof. Johnson will go to Reno, Nev., where the college is located, in time to begin his duties at the opening of the next term. We are glad to learn of the advancement of Prof. Johnson. He was here two weeks ago visiting his mother and other relatives.

Robt. Burchett has a small relic of the civil war which is quite interesting. It is a leave of absence granted by his father-in-law, Wes Ratliff, a captain in the Confederate army. It is written on a small scrap of paper and reads as follows:

Feb. 23, 1863.
S. M. Cecil and A. Blair has leave of absence for thirty days.
W. S. Ratliff, Capt. Co. C.
W. M. French, Col., Com.
23 R., Eastern Ky."

Sent Up For Six Years.

In the Lawrence County Circuit Court on the 1st inst., Tom Rice was sentenced to the penitentiary for six years upon the charge of robbing J. W. Shannon's meal house, to which he pleaded guilty. We are told that this is Rice's third term in State prison. This was the only felony conviction at this term of court.

W. F. Thompson, formerly of this county, but now of Ashland, was fined in several cases for the illegal sale of liquor. The fines imposed Wednesday amount to \$23. Thompson crossed into West Virginia after the trial of the first case.

The grand jury examined 110 witnesses and reported 131 indictments, of which only a very few are felony charges.

Let's Celebrate.

The Fourth of July is almost here again and Louisa should arrange for a celebration. Those of our citizens to whom the matter has been mentioned are heartily in favor of an appropriate celebration and committees will no doubt be put at work at once to complete the details. It is no small task to arrange these affairs, but it is worth the while of Louisa's people.

RIGHT TIME TO CURE CATARRH.

A. M. Hughes Guarantees Hyomei Will Cure it Used Now.

The early summer when the weather becomes warm and humid, is the best time of year to treat catarrh of the nose with the expectation of complete and lasting relief.

Everyone who has catarrh, of even a tendency of catarrh, should use Hyomei now, for the benefit will be gained twice as quickly and the disease thoroughly eradicated from the system.

The complete Hyomei outfit costs but one dollar, and includes a neat pocket inhaler, a medicine dropper, and sufficient Hyomei for several weeks' treatment. The inhaler lasts a lifetime, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

In Louisa there scores of well known people who have been cured of catarrh by Hyomei. If it does not cure you, A. M. Hughes will return money. This is the strongest evidence he can offer as to his faith in the remedy.

BIG S-ACOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't strifle with your health.

Write to Dr. R. V. Pierce, Buffalo, N. Y.—take his advice and be well.

Mrs. R. M. Monitor, of Lebanon, Warren Co., O., writes: "I have received your 'Favorite Prescription.' A crisp new five dollar bill and ten cents sent me to pay with it."

On receipt of all one-cent stamps to pay cost of mailing only, we will send to any address a paper-bound copy of Dr. Pierce's great 100-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address, Dr. R. V. Pierce, Buffalo, N. Y.

The Original LITTLE LIVER PILLS, first put up by Dr. R. V. Pierce, Buffalo, N. Y., 40 years ago. Much imitated, but never equalled. Little pill, little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

OUR NEIGHBORS.

The President has appointed J. M. Carey postmaster at Morehead.

Miss Maud May Sweeney, of Ashland and Frank R. Barton, of Catlettsburg, were married at the bride's home June 1st.

Paul Hutchison, first honor pupil of the 1905 graduating class of the Ashland High school, is the son of Mr. and Mrs. Will Hutchison, of Ashland. Mrs. Hutchison was Miss Nora Eaves of this place.

Guard John Shannon passed through the city on his way to Moundsville with three prisoners from Wayne. Charley Smith, who has three years to serve for shooting Jamison Dameron, of Catlettsburg, at Kenova; Jim Powers for life, for shooting a man; and Walter Connors, two years for shooting at a street car conductor at Ceredo.—Huntingdon Advertiser.

Mt. Sterling, Ky., June 3.—W. W. Gay & Co., sold C. C. McDonald, agent for Swift & Co., of Chicago, 497 head of slop-fed cattle for 4½ cents per pound. The cattle will average 1,120 pounds and the sale will approximate \$30,000. It is the biggest individual deal of slop-fed cattle made here in years. The cattle will be shipped East in a solid train of twenty-five cars.

Washington, D. C., May 31.—Mrs. Kirk postmaster at Paintsville, was not ousted from office. This was the assurance gathered from a talk which some Kentuckians had today with Postmaster General Cortelyou. Ex-Senator Tom Kirk, husband of the postmaster, is here. John W. Langley was among those who called on Cortelyou today in Mrs. Kirk's behalf. Charges of inability to properly discharge the duties of the office were made against Mrs. Kirk, and an inspector recommended her removal.

Sheriff Will M. Smith and son, Roland Bostie and Henry and James Matney, all from Pike county, came down, bringing seven prisoners for the penitentiary. All of them are white men, and four of them were tried and convicted for murder.

One of the men, Nathan Meek, received a sentence of 21 years in the penitentiary. Meek was convicted of the murder of a stranger, a land and mineral prospector. He saw the man draw quite a sum of money from a bank and under pretense of showing him some coal lands, lured him into a secluded spot and murdered him.

Ben Caney was given seven years for murder. He was indicted a dozen years ago, but fled the country and was not captured until a year ago. His trial and conviction followed.

The other prisoners received terms varying from one to five years.—Frankfort Journal.

Huntington, W. Va., June 5.—Six prisoners, five of whom were sentenced to terms in the penitentiary and one awaiting trial for post-office robbery, broke jail here today, cutting an iron bar and sliding from the third story of the jail to the yard with the aid of a blanket torn to strips. All are still at liberty. The men who escaped and their crimes are:

The fund is part of a \$10,000 bequest by late Philo Sherman Bennett, of New Haven, Conn., who named Mr. Bryan as trustee to select twenty-five colleges to share equally in the sum. Gov. Beckham forwarded the check to President Patterson, of the State College.

As You Like It

That is about the way The Mutual Life Insurance Company of New York issues policies in these days of varied requirements in business and family life.

The postscript to a letter written by Mr. E. H. Walter, of Clarksville, Del., enforces this thought.

"The action of the dividend addition of 1897, making my policy \$1,211.18, is a total cash value of \$1,077.18 is fully repaid, and the additional \$133.99 seems to be the best value to my present circumstances."

What Mr. Walter did take was a dividend check for \$16.98 on the paid-up policy of \$1,000, which cost him all told \$48.02. He says:

"The income which I particularly like about my policy is that the larger I live the more I get and that during the last six or eight years I have been getting more for me to pay."

(From Wilmington (Del.) News, Nov. 27, 1904.)

In writing for terms for a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.

OBITUARY.

The following is taken from the Hamilton (Kan.) Herald:

Ellen L. Hatcher, daughter of James G. and Christiana Hatcher, was born at the Mouth of Mud, in Floyd County, Ky., February 14, 1836, died March 21, 1905, aged 69 years, one month and seven days. She was married to James A. Reynolds, March 14, 1854. From this union twelve children were born, eight of whom survive the mother. She removed to Illinois in the spring of 1866 and came to Kansas two years later where she has since resided. Her death was preceded by that of her husband which occurred November 23, 1899.

Mrs. Reynolds united with the Christian church at Aubrey, Kansas, in 1881 and since coming to Allen county while not a communicant with the church her sympathies have ever been with the Lord's work. She was a dutiful wife and fond and affectionate mother, much devoted to her home and her children. Mrs. Reynolds' death came very suddenly. She was apparently in good health, having gone to the cupboard to procure something to eat and with out warning, fell to the floor dying a few minutes later. Funeral services were held at the old home on Thursday, conducted by Rev. R. H. Tankley, after which the remains were placed at rest by the side of her husband in Leaning Cemetery. The children are: Mrs. Robert Foster, Mrs. James Russell, Mrs. Albert Butts, George and Roy Reynolds, Mrs. Polphrey and Mrs. Bell Blythe. She was also survived by four brothers, James H., of Cliff, George M., of Bonanza, Andrew J. and Ferdinand C., of Pikeville, all of Kentucky.

Mother is gone but not forgotten. Never shall her memory fade. Sweetest thoughts shall ever linger. Around the place where she was laid.

Just beyond the golden gate, Where the Angels wait and wait, A mother so pure and sweet, Is sitting at the Savior's feet.

But we all hope to meet her again. Some sweet day by and by. May we when due with earthly cares, Meet our mother over there.

Cowpeas.

A prudent farmer will not fail to sow cowpeas during this month. It is the most favorable month for the purpose. If the stubble land could be broken after the wheat harvest and sown in peas they would greatly enrich the soil and put it in the best possible condition for another crop of wheat. The peas will ripen sufficiently by fall to be utilized in the fattening of swine, for which purpose they are as valuable as Indian corn. It is remarkable that so long a period elapsed in Southern agriculture before the cowpeas were properly appreciated. It is destined to become one of the main supports of the Southern farmer, both for stock-fertilizing purposes and for stock food. Every year will witness an increased acreage, and the old fields that are now seen in many parts of the South will be reclaimed in time by the use of the cowpea.—Southern Farm Magazine.

HUGE TASK.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by A. M. Hughes, druggist; price 50c."

Success With Hens.

Mrs. A. C. Suddarth of Monterey, Highland county, Virginia, kept a record of the work done by her hens from March 17 to October 15, 1904. The result was 1251 eggs, and from the first of last November to the middle of last March 11 Wyandotte hens laid 866 eggs. The Highland Recorder, which gives these facts, says that this success has been achieved on the house lot of Mrs. Suddarth, about 57 feet square, less than one-third of which has been devoted to the hens.
